

Forestry/Natural Resources Advisory Board Meeting Agenda Fall 2022
Scheduled for December 6, 2022 at Pleasant Valley Reservoir, 9:30-11:00

- What should we be teaching?
- Is there equipment that is needed?
- Equipment needed?
- Cooperatives for students and work-based job shadow/internships
- Curriculum Review
- Employment opportunities

Purpose:

The Advisory Board aims to strengthen CTE programs by providing input for curriculum and related district program activities. The Advisory Board also helps increase community awareness and participation in CTE programs. The Advisory Board makes recommendations but is not responsible for funding or program implementation and supervision.

OBJECTIVES

The objectives of the Advisory Board are to partner with the CTE department to:

- ensure a smooth transition for students from school to college and careers
- identify critical workforce competencies and industry trends for incorporation into CTE programs and activities
- increase the number of youths preparing to enter college or skilled occupations
- improve employers' access to qualified young people
- increase the number of work-based learning opportunities for students
- support the increase in externship opportunities for teachers
- increase the number of CTE programs that are industry certified
