

The Culinary Advisory Board Meeting Monday 4/3/2023 at 5:30
In the Culinary Classroom - Room 182

Meeting attendees are:

Laura lee Martin
Keith Flecher
Tim Vinton
Justin Thomson
Marie Kim

The agenda:

1. Call Meeting to order at 5:35
2. Make introductions. There are some new faces since the last meeting.
3. Tour the kitchen for those new folks and talk about the cafe.
4. Discuss new equipment with the group. Marrie asked if anybody knew about making coffee. The group felt that having the Culinary 2 students run the cafe was the way to go. If food is for consumption then it should be done by non-novice students
Discuss our plan for a new coffee maker (cappuccino machine) and the refrigerated baker's case. What is needed next to open Cafe? Laura Lee felt that we should have a register, not a cash box. Students need to learn how to use it.
5. What are the opinions of those first-year learners? Will there be a baking section? No, I told them not specifically. I will let them bake more in Culinary II.
6. I was asked by the group if I was going to continue alone. I told them about our plan to hire a second set of eyes. The room nodded in approval.
7. A big issue was training the students to show up for work. Kieth Told a story about a kid who asked if he had to come to work "Like every Day?"
8. Close meeting. 7:00.
