Meeting notes

1. Introductions
 - a. Tony P, Gero D, Steve Z, Guy P, Scott M, Anthony G.
2. Review and Approval of minutes from the previous meeting.
3. Overview of the current Construction and Architecture Program
 - i. 8 students Construction Architecture Level 1. Full-year (120 min.)
 - ii. 7 students Level 2. Full-year (120 min)

Comments:

Next year? Possibly 6 level 2 students, not sure about level 1.

Recruitment? Starting talks with SEON about outreach across the grades.

4. Highlights:
 - b. Coop/ Work Based Learning
 - c. CNC Router is active

Comments:

How can the advisory board help with coop placements?

Difficult for timing and potential summer work (or not).

Lumber yards? Post a flyer? Know the requirements? And the restrictions?

Rotations? No, that's more a job shadow experience.

5. New purchases:
 - a. Makita Track Saw battery-powered
 - b. Bosch compound sliding miter saw

Comments:

Good purchases for keeping up to date and the CNC router for a shiny thing to draw kids in. Discussed other site-related tools and John will look at the budget for the rest of the year. Group would like a follow-up discussion/email.

6. Outreach:
 - a. We are selling more stuff this year, and putting our names on them!

Comments: SEON, Reformer? Career Center TV Board Advertisement for BUHS students. More Sending school outreach? Yes but how (follow-up)

7. Discussion

Comments:

8. Questions, Comments, Concerns, Suggestions?

Would like to have a follow-up meeting to focus on Coops, outreach, and potential summer work
