

Forestry/Natural Resources Advisory Board Meeting Agenda Fall 2024
Wednesday, October 30th from 5:00 to 6:00 pm in room 319 at the WRCC
Trade and Industrial Center.

- Curriculum Map Review
- Game of Logging Schedule
- Equipment
- Transportation
- Student Employability
- IRC's and Dual Enrollment Opportunities.

Purpose:

The Advisory Board aims to strengthen CTE programs by providing input for curriculum and related district program activities. It also helps increase community awareness and participation in CTE programs. The Advisory Board makes recommendations but is not responsible for funding or program implementation and supervision.

OBJECTIVES

The objectives of the Advisory Board are to partner with the CTE department to:

- ensure a smooth transition for students from school to college and careers
- identify critical workforce competencies and industry trends for incorporation into CTE programs and activities
- increase the number of youths preparing to enter college or skilled occupations
- improve employers' access to qualified young people
- increase the number of work-based learning opportunities for students
- support the increase in externship opportunities for teachers
- increase the number of CTE programs that are industry-certified
