PURPOSE:

The Advisory Board aims to strengthen CTE programs by providing input for curriculum and related district program activities. The Advisory Board also helps increase community awareness and participation in CTE programs. The Advisory Board makes recommendations but is not responsible for funding or program implementation or supervision.

OBJECTIVES

- Assist in a smooth transition for students from school to college and careers.
- Identify critical workforce competencies and industry trends for incorporation into CTE programs and activities.
- Increase the number of youths preparing to enter college or skilled occupations.
- Improve employer's access to qualified young people.
- Increase the number of work-based learning opportunities for students.
